

# the All~ Rounder

Simple  
**wave**

**Built to keep your  
family moving**

**243 km**  
IDC range

**70 litres**  
of storage

**920mm**  
long seat

# A design unlike any other

Inspired by how a dolphin cuts through water with effortless grace, the Simple Wave's design avoids sharp creases and instead uses soft, gentle lines that help minimise drag.

The side panels carry a flowing wave motif that creates a sense of motion even when the scooter is parked.

The sturdy casted mirrors carry the motif of aquatic life, and the tail-fin inspired grab handles are designed for a secure grip.

Carry  
your  
world  
& some  
more

**70 L of bootspace** ensures  
bags, helmets, and groceries  
fit with room to spare

This space comes from the large underseat storage, thoughtfully designed front storage and a first-of-its-kind Pill Storage on the side of the scooter.

The 920 mm long seat makes shared rides completely effortless, and makes sure that your every day rides are more practical than ever before.

## Battery architecture

The 5 kWh battery provides enough power and performance to cover the trip to work, the evening pickups, and everything else a busy day demands.

## Dependable motor performance

The 6.4 kW motor propels the scooter from 0 to 40 km/h in just 3.3 seconds. Smooth and effortless acceleration, precisely when you need it.

# Simple Control

A smart console designed to make every ride easy to enjoy. The OS brings every vital function together.

## Advanced Display Screens

A 7-inch TFT screen or **InfiniteBlack™** display architecture keeps you updated with all the information that matters.

## Map Navigation

Clear, turn-by-turn directions directly on your dash. Keep your eyes on the road and your phone safely tucked away.

## Call & Music Control

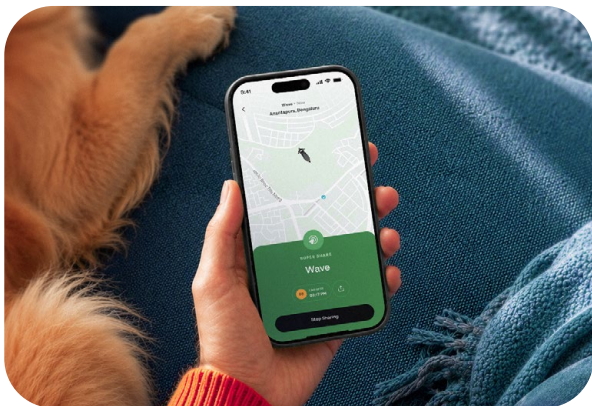

Manage calls and control your music seamlessly, without ever taking your eyes off the road.

## Message Alerts

Get important house updates right on your display without having to pull over and check your phone.

# Stay connected

## Super Share

Share your live journey with family so they always know you're safe and on your way.

## Find My Scooter

Track your Wave's exact location anytime for complete peace of mind.

## Push Navigation

Send any destination straight from your phone to the dashboard in a single tap.

## Ping My Scooter

Flash lights and sound to spot your scooter instantly in crowded parking spots.

The **Simple Connect** app keeps everyone connected to the ride.

# One for every family

The Simple Wave comes with different battery options across the lineup, so that you can choose the one that suits your needs.

With the 5 kWh battery, you get an IDC range of 243 km, the 3.7 kWh can deliver 171 km, while the 2.7 kWh variant can deliver 132 km. The 2.2 kWh variant can deliver an IDC range of 110 km.

# Lights up your world

The Simple Wave comes equipped with LED lighting throughout, including the headlight, taillight, turn signals and license plate light.

A continuous, precision-engineered light guide DRL creates a distinctive smile-shaped signature with uniform illumination across the full length. The high beam delivers more focused throw than the benchmark, enhancing night time visibility while adding to the signature design.

Before you even set off,  
Welcome Lights and Ambient Lights  
greet you as soon as you unlock the  
scooter, giving a distinctive touch to  
every ride.

The ambient lights are also placed  
conveniently to help you locate the  
charging port with ease, especially  
in darker parking spaces.

# Control you can count on

Traction Control keeps you steady on unpredictable roads. **GripSense™** technology monitors rear wheel movement and eliminates slip for a safer and more controlled ride.

# Effortless ride. Simpler days.

## Super Share

Effortlessly back out of tight driveways or crowded market parking spots.

## Guide Me Home Light

Keeps your parking space lit for a few seconds after you park.

## Super Hold

Automatically holds your position on steep slopes or basement ramps.

## Hushdrive™

Our patented transmission system that ensures your ride remains as quiet as it can be.

# Safety first, always.

## Theft and Tow Alerts

Get notified instantly in the app if your scooter is moved or tampered with.

## Trusted Braking

Responsive stopping power designed to keep you and your loved ones secure.

## Drop Safe

In the event of a fall, the motor instantly cuts power, keeping the rider safe from accidental acceleration

# Shades as unique as you

The Wave comes in **6 unique colours**

This means that you'll stand out in  
every crowd.

Polar Blue

Twilight Black

Coral Red

Pearl White

Dolphin Grey

Forest Green

# A promise your family can depend on.

A great scooter is only as good as the support behind it. We back the Simple Wave with a reliable local service network and a solid warranty promise to keep your family moving without worry.
